ZEO
DESIGNED FOR DEPTH

The pneumatically-balanced ZEO is an engineering marvel of precision, durability and comfort. Its durable chrome-plated marine brass metal valve delivers a phenomenal breathing experience, improves cold-water performance and helps recirculate moisture from exhalation to prevent dry mouth. The breathing adjustment gives the diver a wide range of control to precisely set airflow throughout the dive.

The ZEO comes standard with an in-line hose swivel, inhalation effort control, dynamic adjustment technology dive/pre-dive switch and a super comfortable orthodontic mouth piece featuring an inline ball swivel on the hose connection to eliminate the binding that can cause jaw fatigue.

The new cold-forged, over-balanced diaphragm FDX-i first stage is environmentally sealed. The in-line design limits the pressure loss inherent in "L" type first stage designs making the FDX-i more efficient and lighter due to its compact form.

Valve Type	Demand
Adjustment(s)	A.V.S. (pre-dive) & Flow Adjust
Balancing System	Pneumatic
Mouthpiece	Orthodontic with Tabs
Nitrox Compatibility	Standard to 40%
Weight (without hose)	7.2 ounces
Dimensions (Front Profile)	2.3 inch x 3 inch (oval shape)
Work of Breathing	0.86 Joules
Warranty	**LIMITED LIFETIME**
Service Agreement	**FREE PARTS FOR LIFE**

DELTA 5
READY FOR ANYTHING

The new Delta 5 is the next step in a long line of remarkably reliable, durable and smoothly breathing regulators to carry that name. Sure, we've given it an updated look, but that's not all. Like the Delta's before it, the 5 comes standard with our patented Dynamic Adjustment Technology, dive/pre-dive controls and a super comfortable orthodontic mouthpiece. Unlike it's predessors, the new Delta 5 has an all metal pneumatic valve, providing super smooth breathing performance in any condition. We have also added a heat exchanger, positioned on the hose connection to the 2nd stage, to further increase it's already stellar cold water performance.

We've paired the Delta 5 with the new eDX. This top-of-the-line, over-balanced diaphragm first stage is environmentally sealed and comes with 4 low-pressure and 2 high-pressure ports. It also comes equipped with a heat exchanger for added cold water performance.

DELTA 5 (SECOND STAGE)	Available in Black & White
Adjustments	Dive/pre-dive switch & Patented Dynamic airflow Adjustment control
Valve Type	Pneumatically balanced all-metal valve
Heat Exchanger	✓ (For enhanced cold-water performance)
Mouthpiece Type	Orthodontic w/ Bite Tabs

DIVERLOG
DO SOMETHING WITH YOUR DATA

DiverLog for Mac & mobile devices is the essential scuba diving tool that keeps all your dive data safe, organized, & accessible. DiverLog for Mac & mobile devices is a digital log book for your recording your dives. It allows you to upload and save data recorded by your personal dive computer, or input your data manually. Once uploaded, DiverLog gives record-by-record dive details including depth, elapsed dive time, ascent rate, temperature and more. Better still, DiverLog syncs with your dive computer, ensuring you and your computer are always ready for the next dive. **Download DiverLog Lite for free. Or to maximize your DiverLog experience by having access to even more features, purchase DiverLog Full or DiverLog Mobile.**

MAC & ANDROID†	MOBILE
Lite Full	

WHAT YOU GET FOR FREE

View, edit & manage DC dive detail data

View dive history data

Search dives based on max depth, time, location, and more

View, edit, & manage favorite dive spots & locations

View, edit, & manage dive gear

View, edit, & manage dive buddies & contacts

Easy access to help & support

Add multiple dive computers from supported manufacturers*

Software auto-update

Searchable in-application help

Add photos, YouTube videos to dives

Update DC firmware easily when online

DIVERLOG FULL & DIVERLOG MOBILE
To maximize your DiverLog experience, purchase **DiverLog Full for only $24.95**. Or **DiverLog Mobile for only $11.99**. In addition to all the features listed above, you'll get...

Keep track of personal data including medical and certification information

Configuration preferences, including english/metric units, language selection (English, Italian, French, German, Spanish, Turkish, Chinese, Japanese), and more!

Synchronize with DiverLog for IOS (Full) and OSX (Mobile)

Social sharing features

DC configuration & setup easily via DiverLog before dives

Import/Export options in multiple formats*

* Not available on DiverLog Mobile

†DiverLog is currently available for Mac OSX 10.7, IOS 6.0, & Android 4.3 or higher. Visit eDiverLog.com for more information.

COMPUTERS

YOUR DIVE DETAILS
All your dive data, locations, computers used, tank type/size, dive mode, EDT, NDT, modes, even your DC setpoints! Easily keep track of all the important information for each dive.

YOUR DIVE PROFILE
Intuitive, attractive, and interactive dive profile graphs. Simulate your dive in real-time, add photos & memos to specific points, view data in tabular and graphical format, and much more.

YOUR DIVE HISTORY
Your dive listing gives easy access to old dives. You can also use DiverLog's powerful search query features to filter by location, dive type, and more!

ediverlog.com

DIVECLOUD
YOUR DIVES, ANYWHERE, ANYTIME

DiveCloud gives you powerful and flexible storage for your divelog files, wherever you are! Just create an account online at divecloud.net, or within an approved application such as DiverLog, and you're ready to go!

DiveCloud applications can automatically sync your dive logs, and you can also manually upload/download them online at divecloud.net. Your dive data is always secure and backed up online, and you can access them wherever you are!

View your dives and photos, share with friends, and take advantage of the advanced features DiveCloud has to offer. You'll never think of your dive data the same again!

DIVECLOUD
Free   Subscription

WHAT YOU GET FOR FREE

Search, edit & manage dive data & photos
Save personal & certification data
Manage favorite locations
View interactive dive profile graphs
Add & register multiple dive comps
Update dive comp firmware
Synchronize data with Mac DiveCloud
Social sharing
10 dives and up to 50MB photo storage
Files sharing features
File upload on divecloud.net

SUBSCRIPTION BENEFITS
Upgrade to the subscription version of DiveCloud for **only $10 per year**. In addition to all above features, you'll get...

Unlimited dives and 2GB storage space
Password protected dive sharing
DiverLog sync

DiverLog can export your dives in DL7 standard format.

STORE YOUR DIVES
DiveCloud gives you secure, expandable storage to store your dives. You can sync and/or import from your favorite dive log software and supported devices, and you can even upload files right here on divecloud.net.

SHARE YOUR DIVES
DiveCloud gives you multiple ways to share your dives, including secure web links, user-to-user sharing and sharing via social media like Facebook and Twitter.

SYNC YOUR DIVES
DiveCloud is integrated with DiverLog for PC/Mac and eDiverLog for Mobile, and your dives sync automatically. Access your full dive history wherever you are!

**** Based on 2 Dives per day.
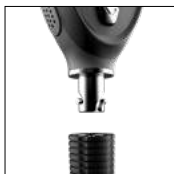

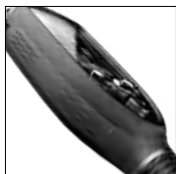

PROPLUS X
PERFECTLY CLEAR

Introducing the ProPlus X, a new take on a classic solution. From the display to the battery, we've re-thought everything.

The heart of the ProPlus X is an amazingly bright, low energy consumption, Thin-Film Transistor (TFT) display. Divers will have no problem seeing dive data in bright surface conditions or lowering the intensity for night dives. The large, easy-to-read screen also has an intuitive color coded interface, high-resolution bar graphs, and the largest, most legible, digits of any high visibility TFT dive computer on the market.

By taking advantage of the 4 buttons and an improved user interface, the ProPlus X is a cinch to set up and use on a dive. Our patented Air Time Remaining and Dual Algorithm's, and advanced digital compass provide accurate, reliable and easily accessed dive data.

Combined with BlueTooth LE connectivity, a rechargeable lithium battery and quick disconnect hose, the ProPlus X is a true step forward for dive computers.

B.U.D.
NEVER MISS A DIVE

The B.U.D. is a long overdue idea and a great way to ensure that you never have to miss a dive. Clip it off or stow it in a pocket and forget about it. B.U.D. is a universal backup dive computer that uses Dual Algorithm technology allowing you to adjust your dive computer's settings to closely match just about any other dive computer on the market making it the perfect backup device. You should never have to use it, but if you do need it, your B.U.D. will be there to save your next dive. This new dive computer is a must for every diver to carry because no matter what computers you are using, you will be able to set your B.U.D. to closely match any computers profile using the Oceanic's patented Dual Algorithm.

OIL-FILLED DEPTH GAUGE

The Oil-Filled Depth Gauge is a great value, designed to fit virtually all Oceanic consoles. Rugged, inexpensive and fully covered by Oceanic's warranty and reputation.

Rugged and economical design

Fluorescent markings at 10', 20', 30', and 130'

150 ft (45 m) maximum depth reading

Large luminous display for easy reading

SLIMLINE SPG

Compatible with Oil-Filled and pre-SWIV Oceanic Consoles

Nitrox compatible to 50%

OceanGlo® luminescent gauge face absorbs light

Shock resistant bourdon tube mechanism

Integrated temperature gauge

One-way safety valve

500 psi fluorescent caution zone

SIDESCAN COMPASS

For reliable underwater navigation, the SideScan Compass is hard to beat. Large, easy-to-read bearing indicators on our extremely bright OceanGlo® luminescent floating card make quick work of navigation, especially in limited visibility.

Compatible with Oil-Filled and pre-SWIV Oceanic Consoles

Rugged and economical design

Large luminous display for easy reading

PONY BOTTLE GAUGE

The miniature Pony Bottle Gauge is a fully functional submersible pressure gauge rated to 5,000 psi. Ideal for back-up air supplies or decompression tanks, the Pony Bottle Gauge is the perfect accessory for use with wireless PDC's, allowing you to quickly pressure check your cylinder without linking your receiver unit.

Threads directly into any standard first stage high-pressure port

Nitrox compatible to 100% O2

Large numbers and green, yellow & red indicators for easy monitoring

One-way safety valve

Measurement range 400 Bar / 5000 PSI

BUOYANCY COMPENSATORS

JETPACK
THIS IS NOT A BAG

A week's worth of travel friendly gear, no checked bags, under 20 lbs. Can your BC do this?

The one size fits all JetPack combines the comfort of a BC harness with the performance of an adventure-style backpack. BC and backpack clip together for carry-on travel, protecting gear and saving on baggage fees. The backpack detaches for diving, leaving a full-featured BC with 30 lbs lift capacity, weight integration and a custom fit.

TRAVEL BAG

42 liter semi-dry

Water-resistant zippers

Hide-away backpack straps

Laptop sleeve with easy zippered access

Full-zip opening

Two external zip pockets

800 denier (quick-dry) double-coated nylon

BUOYANCY COMPENSATOR

14 lbs quick release weight system / 10 lbs trim weight

One size fits all - infinitely adjustable

Now also includes rear trim weight pouches

Adjustable harness and cummerbund

Adjustable position weight pockets

Rugged construction

1000 Denier Cordura

420 denier nylon bladder

800 denier (quick-dry) double-coated nylon

Lift capacity: 30 lbs

FAST DRYING

Strategically placed mesh panels speed drainage & allow the JetPack to dry faster.

HERA
LADIES ONLY

The Hera BC from Oceanic comes standard with all the features and durability required of a high-end BC but is built from the ground up for the ladies. The design also incorporates our patented Adjustable Positioning System, rugged yet light-weight materials, plenty of storage, and 30 lbs of integrated weights into what may be the most comfortable, best fitting BC you'll ever wear.

Designed specifically for women divers

Made of 1000D denier Cordura fabric in crucial areas

Patented Adjustable Positioning System (A.P.S.) track

Pre-bent welded stainless steel D-rings

Reinforced contoured shoulders

QLR4 Integrated Weight System 20 lbs plus dual 5 lbs trim

Adjustable depth-compensating cummerbund

Lift capacity: XS 25 lb; SM 31 lb; MD 35 lb; LG 42 lb

ADJUSTABLE POSITIONING SYSTEM

The Hera BC incorporates our patented Adjustable Positioning System (A.P.S.) which guarantees a perfect fit.

BUOYANCY COMPENSATORS

ATMOS
TWO-IN-ONE

The Atmos is a durably-constructed, full-featured hybrid air-cell BC. It's unique, hybrid rear-inflation bladder enables air to "shift," which provides maximum amount of lift and keeps you properly orientated on or below the surface.

20 lbs (9 kg) of integrated weight in the Pinch & Release system and 10 lbs (4.5 kg) trim

Padded backplate features an extended lumbar support to transfer tank weight onto hips, relieving shoulder stress

Three (3) over pressure relief valves optimize buoyancy control

Crucial areas constructed of 1000D denier Cordura fabric

2 large, zippered pockets with knife mounting grommets

Adjustable depth-compensating cummerbund

Lift capacity: SM 30 lb (130 N); MD 35 lb (155 N); LG 45 lb (200 N); XL 55 lb (240 N)

5 YEAR WARRANTY FROM DATE OF PURCHASE

BIOLITE
LIGHTEN UP

Our lightweight BC weighs in at just 5.5 pounds! The Biolite BC looks to establish itself as a complete solution with the introduction of a new color design and streamlined, integrated weight system. This is the ultimate travel BC with a perfect balance of features and benefits that makes diving a pure joy.

The Biolite keeps things simple with a clean, straightforward design that focuses on comfort and convenience. If your travel plans call for lightweight luggage, then the Biolite BC is definitely for you.

Weighs in at only 5.5 lbs

Pinch & Release System handles up to 14 lbs, plus 10 lbs trim

Low profile makes it easy for traveling purposes

Air bladder is made of patented BioFlex material

Crucial areas made of 1000D denier Cordura fabric

Self-adjusting sternum strap

Depth compensating waist band strap

Lift capacity: SM, MD 25 lb; LG, XL, XXL 29 lb

OCEANVU
SURE FIT

The OceanVu, the latest dive mask from Oceanic. Superior materials, technology & design give you the best visibility, fit & comfort possible in a dive mask. Wear the OceanVu mask during your dives and see more ocean than ever before.

Ultra-clear, medical-grade, liquid silicone

UltraClear optical quality tempered glass lenses optimize clarity, light transmission, and color consistency for the best possible visibility, especially in low light conditions.

SureFit™ Buckle Tensioning System

Quick adjusting sliding buckles allow simple, fine adjustments and release of the strap.

Textured and easy to squeeze nose pocket allows one handed equalization.

Rubberized frame inserts improve grip to aid clearing.

Ultra light weight and low internal volume for dramatically improved field of vision – up, down and side-to-side.

SUREFIT™ BUCKLE TENSIONING SYSTEM

SureFit™ Buckle Tensioning System evenly distributes the tension exerted by the strap over a firmer silicone band for support, maximizing seal and comfort.

A HANG TAG ON EVERY MASK

Out of the box, each mask comes with a multi-lingual hangtag covering the OceanVu's amazing features.

SHADOW
KEEPS YOU FOCUSED

Sleek 100% liquid silicone skirt attached directly to the tempered glass lens. No-frame mask means the Shadow Series offers an incredible field of vision and packs flat. Available in two colors and two sizes for a perfect fit.

No-frame design reduces weight

Extremely low volume design

Swiveling, easy adjusting buckles

Folds and fits easily in your BC pocket

INSPIRED BY NATURE

TECHNO-POLYMER BLADE Advanced material provides the strength of bone to maximize power, speed & efficiency, while being extremely lightweight & durable.

POWER-X SYSTEM Revolutionary material acts as tendon & joint, optimizing propulsion by flexing during the downstroke and releasing stored energy prior to the upstroke.

POWER CHANNEL The flexible material simulates the elasticity of skin by directing water flow off the back of the blade for increased thrust.

SOFT-PAD HEEL STRAP An comfortable and ergonomic finger-loop which allows the fin to be easily removed & replaced, even with thick neoprene gloves

EASY BUCKLE ADJUSTMENT (EBA) Our unique EBA buckle adjustment system allows for more than 2" (5 cm) of precise adjustments for a custom fit without tools.

WINGLETS along the length of the blade increase efficiency and improve maneuverability.

FINS

ACCEL
ONE FIN, ANY OCEAN

If you favor power over frills, you'll love the Accel. Compact and responsive, its clean lines and efficient shape make it an excellent all-around fin.

Unique, high-stretch heel straps are effortless to slip on and off and dramatically reduce the bulk and drag associated with typical open heel fins. The angled, compact blade has excellent water flow characteristics and also allows divers to swim efficiently with multiple kicking styles, from scissor to frog to sculling. The blade's center channel, along with pronounced side rails, also helps minimize "side spill," directing water behind the diver for maximum thrust.

Unique heel strap design is effortless to slip on and off

Minimize inventory & customize your Accel fins

Design offers excellent water flow characteristics

Center channel and side rails help minimize "side spill"

Less than 3 lbs per pair

Maximum length only 21 inches (size XL–XXL)

Accel fin comes in Black with Titanium Color Kit

ACCEL COLOR KITS

Customize your Accel fins with Color Kits from Oceanic. Available in 8 colors, each easy-to-install color kit to match your gear, your mood or your dive.
